Little Sunshine Online Summer Camp 2020 at Han Academy (3-5 yrs.)

Dear Parents and Friends,

Thank you for your continued support in this extraordinary time. Han Academy is proud to continue to serve the community with our Online Summer Camp Program, featuring 10 weeks of learning and fun.

The ten (10) weeks of online summer camps from June 22nd - Aug 28th is designed to provide engaging online learning programs featuring child-centered learning guided by Montessori method, interactive and motivational language learning (Chinese or Spanish), hands-on STEM themed fun activities. More importantly, our curriculums are carefully designed to cultivate confidence, good learning habits, social skills, and team work and aim to maximize every child's learning potentials.

Our summer program features

- * ALL IN ONE camp with a wide range of activities (Montessori, STEM, Language, Art & Music)
- * Interactive language learning programs with weekly Chinese themes
- * Experienced and passionate faculty
- * Flexible choice with individual program registration option (minimum two individual program per week)

Little Sunshine Programs

Montessori

Little Campers will experience a unique educational experience in modern Montessori principals and an engaging hands-on learning experience in which they will discover and explore knowledge of the world and to develop their maximum learning potentials.

Language

Little Campers will spend the summer learning a new language and developing a new perspective of the world. Our innovative summer language courses with an integrated course curriculum are designed for kids to become future bilingual and bi-cultural citizens. Mandarin and Spanish will be offered.

Music Around the World

The music teacher will do a virtual travel to a new Country with our little campers. The teacher will talk about customs & traditions, and introduce music from country. There will be interactive musical games, songs, and rhythm activities.

STEAM

Little Campers will spend the week exploring the natural connections among different hands-on activities. Through hands-on science experiments, art, cooking, engineering, and building they will experience the joys of STEM!
